

WOMEN IN TROUBLE.

The Approach of Motherhood is the Occasion of Much Anxiety to All.

Every woman dreads the ordeal through which she must pass in becoming a mother. The pain and suffering which is in store for her is a source of constant anxiety, fear and dread, to say nothing of the danger which the coming incident entails. The joyous anticipations with which she looks forward to baby's coming gives way to an indescribable dread of the ordeal when she fully realizes the critical and trying event which will soon approach and have to be endured.

Women should hail with delight a remedy which insures to them immunity from the pain, suffering and danger incidental to child-bearing. Such a remedy is now offered, and women need not fear longer the hour of childbirth. "Mother's Friend"—is a scientific liniment—and if used before confinement, gently and surely prepares the body for the great requirements and changes it is undergoing, insures safety to both mother and child, and takes her through the event with comparative ease and comfort. This wonderful remedy is praised by every woman who has used it.

What woman is not interested in "Mother's Friend"? This wonderful remedy has been tested and its priceless value proven by the experience of thousands of happy mothers who have used it during the most critical period of woman's life—the approach and culmination of motherhood.

It has won their everlasting praise, for it gave them help and hope in their most trying hour and when most needed. Every woman may some day need "Mother's Friend." The little book, "Before Baby is Born," telling all about it, and when it should be used, will prove of great interest and benefit to all expectant mothers, and will be sent free to any address upon application to the Bradford Regulator Company, Atlanta, Ga.

Goldsmith.

Not long before the close of Goldsmith's life he produced the brilliant and humorous lines of "Retaliation." Varied accounts are given of the origin of this poem. It will be remembered that in a joke Garlick wrote the following couplet as an epitaph for Goldsmith:

Here lies Nolly Goldsmith, for shortness called Noll,
Who wrote like an angel, but talked like poor poll.

It was on April 4, 1774, that Goldsmith died. The precise spot where he was buried in the Temple churchyard is unknown.

This is Johnson's summing up of the character of Goldsmith: "He had raised money and squandered it by every artifice of acquisition and folly of expense. But let not his frailties be remembered; he was a very great man." —William Black's "Life of Goldsmith."

Question Answered

Yes August Flower still has the largest sale of any medicine in the civilized world. Your mothers, and grandmothers, never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sold by dealers in all civilized countries. oct-27-1y

BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Baneful Boils

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering; part of the time being unable to work or sleep. Several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1898 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

Dangerous Carbuncles

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases. S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter. S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as a blood purifier—in improves the appetite and digestion, builds up your general health and keeps your blood in order.

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.
